

Policy #6 - District Tournament Rotation

The District 9 POLICY on Tournaments is to set up a rotation of all tournaments such that every League has a chance to host tournaments. The League Presidents agreed that if they are scheduled to host a tournament and they do not have fields, they will still host the tournament and do all the work, but at another League's fields.

If a League still cannot host their scheduled tournament per the rotation and does not choose to do so, they can pass and the tournament will be awarded to someone else but the original host league is responsible for the tournament expenses and the rotation remains the same.

When possible, and a majority of Presidents agree, tournaments will be grouped such that like small tournaments (i.e., softball and upper baseball) are at the same site.
